ONE YEAR REPORT

Republic of the Philippines
National Police Commission
NATIONAL HEADQUARTERS PHILIPPINE NATIONAL POLICE
OFFICE OF THE CHIEF, PNP
Camp Crame, Quezon City

Message

From day one of my term as the 21st Chief of the Philippine National Police, I had no second thoughts about the stance I was taking against illegal drugs, crime and corruption in the country. These were ills bedeviling the nation that, as President Rodrigo R. Duterte said, had to be stopped by all means that the law allows. It would be a relentless and vicious war against these ills, a war that was to be the centerpiece of the President's call for change across the nation.

I took the challenge head-on and immediately embarked on implementing the program thrusts embodied in "BATO," short for the "Big Leap on Administration, Transformation and Operations" that served as my roadmap in leading the PNP and as the guide of police personnel in performing their duties to serve and protect the community.

We took a determined action on the President's call for change, action that targeted not only the evil elements involved in drugs, crime and corruption, but also the scalawags in uniform that were destroying the image of the PNP. Campaign Plan Double Barrel went full steam against drug lords and syndicates. Oplan "Tokhang" became a byword in the streets and communities where house visitations resulted in the arrest and surrender of drug personalities. Police scalawags were firmly dealt with. Collaborations with the community were reinforced and police assistance took on a new dimension with the use of digital technology. As I neared my first year on the job as Chief PNP, the Marawi City siege took center stage and required PNP support to our counterparts in the armed forces.

We lost men along the way, in the anti-drug war, in the campaign against insurgents and terrorists. Critics hounded us even as we stood our ground in many Senate hearings. But amidst all these, we prevailed and gained victories because we were determined to go against all odds with only the best interest of the community in our hearts.

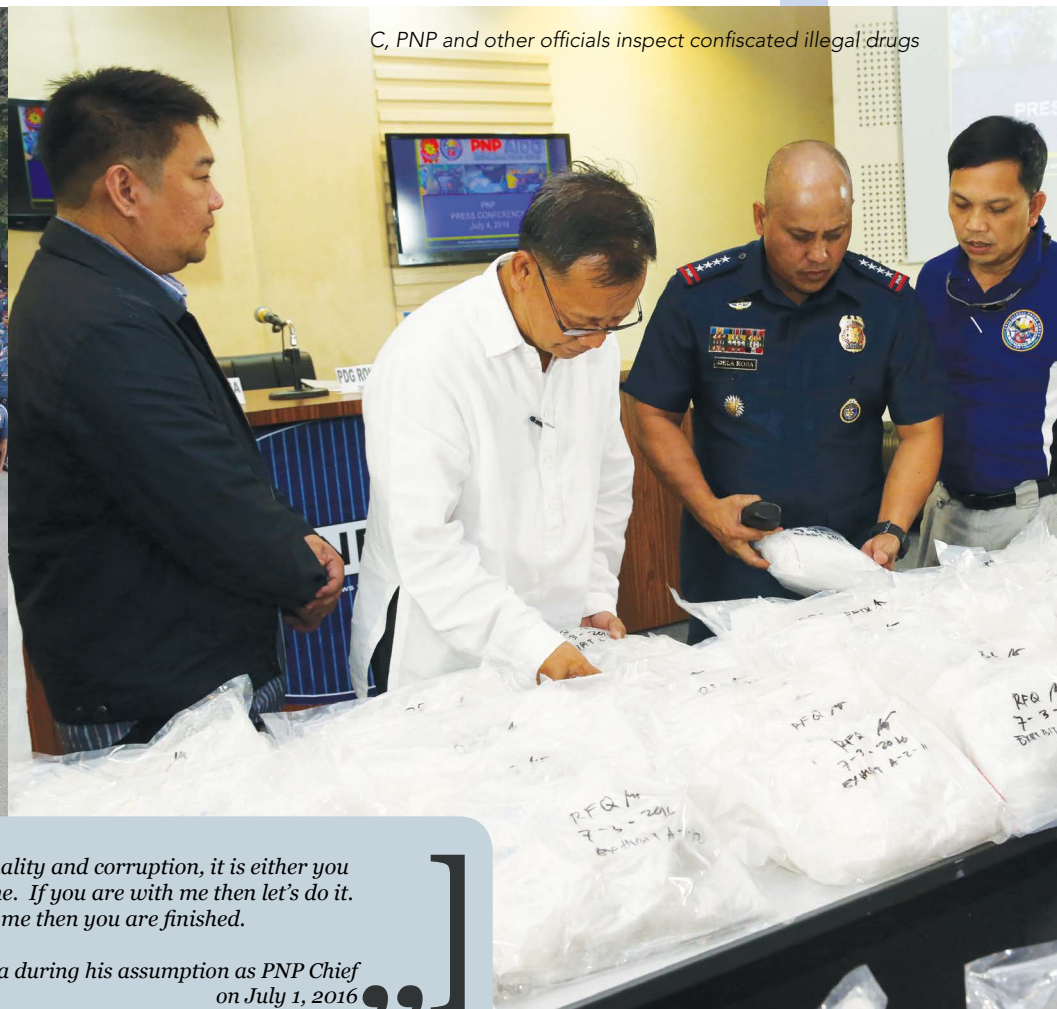

This report highlights the PNP achievements since I took command last July 1, 2016. I take pride in making this report even as I am humbled by the tremendous support I have received from both the gallant members of the PNP and the community that we all serve. With twelve months now behind us, our men and women remain strong and inspired, and determined to finish what we have started.

RONALD M. DELA ROSA
Police Director General
Chief, PNP

BIG LEAP

PNP uniformed personnel in formation during the Mass Oath-taking

“In our fight against drugs, criminality and corruption, it is either you are with me or you are not with me. If you are with me then let's do it. But if you are not with me then you are finished.”

- PDG Dela Rosa during his assumption as PNP Chief on July 1, 2016

Police Director General Ronald M. Dela Rosa had assured the public of better, prepared, more equipped and confident policemen to address the challenges ahead.

In the first year of his leadership, PDG Dela Rosa had launched and implemented programs to improve police operations and administration through his “Big Leap in Administration, Transformation and Operations” thrusts. These programs, consisting of his 6-point agenda, made headway for the period in review.

1. Continuing the big leap on administration, transformation and operations as the major concern of his leadership

As personnel management plays a significant role in every organization, the PNP empowered its workforce through trainings, awards, and morale and welfare benefits. Police administration was given a premium through improved and enhanced training programs focused on the core police functions with 143,414 graduates of 120 mandatory, 453 individual and 1,993 specialized courses.

Police officers are better trained and more prepared to battle crime and lawlessness, 853,996 personnel were conferred appropriate awards and 43,191 second level personnel were promoted.

To further boost personnel morale and welfare, 672 personnel were granted financial assistance in recognition of their services to the Filipino communities nationwide.

2. Projects: Double Barrel, Double Barrel ALPHA, Double Barrel Reloaded remain in force with stronger and more determined implementation

The campaign against illegal drugs sent a strong message to drug personalities that the PNP means business in addressing this menace. There were 1,309,776 surrenderers on record which manifested the PNP’s relentless pursuit of its anti-illegal drugs campaign. Moreover, the 64,527 anti-illegal drug operations resulted in the arrest of 86,030 and deaths of 3,264 drug personalities. The record included High Value Targets (HVTs) of which 3,522 surrendered, 1,340 arrested, 141 died in police operations, and 104 homicide cases under investigation.

At the current street value of Php 5,000.00 for every gram of shabu, based on the daily consumption estimate of the 1,309,776 surrenderers at 200 mg for every user, there is a demand reduction of 85,589 kilos. This can be translated to losses of about Php 500 Billion to drug traffickers.

PNP personnel were not exempted from this campaign. A total of 169,021 personnel underwent random drug testing. The 247 uniformed and non-uniformed personnel found positive in drug tests and validated involved in illegal drug activities were meted sanctions and charges.

I am Chief PNP only once and I am going to give it my best shot. But I must tell you as well that I can only be truly successful in this job with the sincere and strong support and cooperation of every member of this organization. My best will never be enough without your help.

*(PNP Flag Raising Ceremony,
July 4, 2016)*

3. Encouraging to enforce drug tests more efficiently in all institutions, both in public and private. More life will be given to drug awareness, especially among the youth through enhanced information and education programs

Active participation and support of the community contributed to the success of the PNP's anti-illegal drugs and crime prevention programs. The PNP conducted 84 information advocacies that consisted of 18 community dialogues and crime prevention, anti-illegal drugs and public safety lectures to 23 NGOs, 36 schools and universities, seven shopping malls for a total of 25,350 persons benefitted from the said advocacy program.

4. Police assistance taking on a new dimension as the PNP encourages the public to utilize suitable applications on mobile phones

The PNP employed information technology in making available its services to the public through the iSerbis Mobile Application to facilitate reporting of information and incidents. The mobile application enables the public to view information on available PNP services, view infographics on common illegal modus operandi, emergency hotlines and links to other available PNP apps such as the PNP Telephone Directory, PNP Pension and Bantay Krimen.

5. Ensuring a faster delivery of police services such as processing of firearms registration and licensing, issuance of police clearances to the public, and processing of pension and other benefits for retirees

Prompt delivery of police services was realized through the License To Own and Possess Firearm (LTOPF) and Firearms (FAs) Registration System as firearms owners can now apply for their LTOPF at their convenience.

In terms of personnel benefits, the PNP has streamlined its procedures for the expeditious processing and release of benefits to the family of deceased PNP Uniformed Personnel through: timely submission of Investigation Report, Line-of-Duty Status Report and other pertinent documents in support of the data claims for the PNP personnel.

6. Discipline prevails at all levels of the organization

With the aim to institutionalize a simplified and speedy internal disciplinary mechanism and for the Internal Affairs Service (IAS) to sustain a prompt implementation of existing disciplinary policies in the PNP, the Comprehensive Internal Disciplinary Mechanism (CIDM) was approved and implemented. Through the CIDM, intervention programs were introduced to prevent and discourage personnel from committing breach of discipline and criminal offenses. Also, it has aimed for a reformatory program for the personnel, who were penalized and bring them back to the PNP mainstream with reformed doctrine and values.

With regard to the cleansing of PNP personnel involved in illegal drug activities, the IAS filed 1,835 administrative cases of which 1,160 had been resolved involving 1,639 police personnel. Of the 1,639 personnel, 160 were dismissed from the police service after having been found positive of using illegal drugs.

As the PNP moves forward, the leadership shall sustain these programs in operations and administration, including the best practices derived from their implementation.

Responsive and Highly Professional Police Organization

The PNP continues to pursue its programs towards enhancing the organization to ensure a responsive and highly professional Police Organization through its various programs, projects and initiatives:

Manpower Build-Up: Recruitment of PNP Personnel

As part of its continuing effort towards empowering the PNP on Personnel Management, the PNP launched the PNP Online Recruitment Application System (PNP ORAS) as its mechanism to attract more qualified applicants for the PO1 Recruitment Program. The PNP ORAS, as a web-based system, is an initiative of the organization to streamline the submission of accomplished PNP PO1 Application Forms, and to restrict applications of disqualified applicants. Through this system, it can also immediately address the queries of applicants regarding the PNP Recruitment Process.

Through this initiative, the PNP has appointed 9,901 new PO1s from the 10,000 approved quota, which translates to a 3.81% increase from the quota of the 2015 Regular Recruitment Program, wherein 9,528 new PO1s were appointed.

For the Lateral Entry Program, there were 98 members of the PNPA Masidlak Class of 2017, who were appointed on March 24, 2017; while there were 19 Technical Service Officers, who were appointed to various technical services units of the PNP.

Meanwhile, for the Recruitment for Non-Uniformed Personnel (NUP), there were 169 NUP who were newly appointed thus, achieving a 92.85% filled-up or 6,907 positions as of June 30, 2017.

Placement, Promotion, Rewards, Benefits, and Awards: Boosting the Morale and Welfare of PNP Personnel

To continuously promote professionalism among its rank and give equal opportunity to all qualified personnel, with merit and fitness as its primary consideration, the PNP has continuously enhanced its policies on the promotion of its personnel. Thus, 43,191 2nd Level Personnel and 156 NUP were promoted. Also, 679 senior PCOs were designated to key positions and other positions of responsibility of the PNP, to wit:

Command Group	8
Directorial Staff	52
National Support Units	97
PROs and NCRPO	108
PDs/CDs and COPs, NCRPO	406
IAS	8
TOTAL	679

Moreover, a series of Special Reviews were conducted on July 22, 29, and August 5, 2016 for all the candidates for attrition due to lack of eligibility to give them a chance of passing the NAPOLCOM Special Promotional Examination on August 7, 2016. These activities participated in by Crame-based and NCRPO personnel resulted in a passing rate of 93% or 1,635 personnel passing the examination.

In terms of the benefits given to the personnel, PNP has streamlined its procedures for the expeditious processing and release of benefits to the family of deceased PNP Uniformed Personnel through: the timely submission of Investigation Report, Line-of-Duty Status Report and other pertinent documents in support of the death claims of the personnel. Moreover, to equip the projected trainers of the Survivor Officers in the different PROs and NSUs with the knowledge, skills and attitude, a Trainer's Training for Survivor Officers was conducted in June 2017.

PNP Comprehensive Educational Assistance Program

For School Year 2016-2017, there were 483 scholars of the PCEAP. The PCEAP had likewise facilitated the following:

- Turn-over of funds from the Public Safety Mutual Benefit Fund, Inc. (PSMBFI) amounting to Php 4,517,004.30 to support the grantees of the PCEAP for SY 2016-2017 on July 11, 2016;
- Turn-over of funds amounting to Php 500,000.00 to support the grantees of the PNP-PLDT-SMART College Program for SY 2016-2017 on August 16, 2016;
- Approval of the PLDT-SMART Foundation, Inc. of the 50 dependents of PNP uniformed personnel under the PNP-PLDT-SMART College Educational Assistance Program and the release of checks amounting to Php10,000.00 to each grantee. A ceremonial awarding of checks to the PNP scholars of the program was held on September 5, 2016; and

- Approval and deliberation on the renewal of educational assistance of 291 grantees under the PCEAP for CY 2016-2017 on December 8, 2016 and January 20, 2017, and the release of checks.

Special Financial Assistance from the President's Social Fund

A total of 359 applications for Special Financial Assistance from the President's Social Fund were deliberated and approved by the President's Social Fund-Special Financial Assistance (PSF-SFA) Committee from July 2016 to June 2017, and were forwarded to the Office for Special Projects (OSP), Presidential Management Staff (PMS) for its final approval. Out of 359 applications, 74 checks were received by the beneficiaries and PNP personnel.

Special Promotion

The PNP Special Promotion, Awards, and Decorations Board (SPADB) recommended to NAPOLCOM 13 special and posthumous promotions. Moreover, SPADB also processed nominations for International and National awards wherein three nominees were endorsed to the CSC Dangal ng Bayan Award. Likewise, 492 recommendations for higher awards were processed.

Awards

Several awards were also given to personnel who had shown exemplary acts in the performance of their duties. A total of 853,996 PNP personnel were conferred with corresponding awards from July 2016 to June 2017.

Discipline, Law and Order: The PNP Disciplinary Mechanism

With the aim to institutionalize a simplified and speedy internal disciplinary mechanism and for the IAS to sustain a prompt implementation of existing disciplinary policies in the PNP, the Comprehensive Internal Disciplinary Mechanism (CIDM) was approved and implemented. Through the CIDM, intervention programs were introduced to prevent and discourage personnel from committing breach of discipline and criminal offenses. Also, it has aimed for a reformatory program for the personnel, who were penalized and bring them back to the PNP mainstream with reformed doctrine and values.

In addition, several programs were also initiated to strengthen the Disciplinary Mechanism of the PNP, such as the seminar/workshop on the Policies and Procedures in Handling Administrative Complaints that were attended by 2,539 personnel from the PROs.

Moreover, the processing of the DLOD clearance was streamlined from 14 days to two (2) days with a total of 16,442 clearances issued for the period. This lessened the burden of PNP personnel in securing clearances.

“ ”

Firm discipline remains paramount in my administration of the PNP and must continually be reinforced in all units down the line. Remember that whatever breakdown in discipline is displayed by our men and women on the ground reflects on their leadership. As PSF commanders, you must be able to effectively command discipline among every member of the force. But first, you must be exemplars of the same discipline that you expect from your members.

Physical accounting and inspection of PNP equipment and assets in PROs 1-2 from December 2016 to May 2017 was conducted to address discrepancies between the inventory reports and accounting of the properties.

Real Estate Management

Fifteen lots with a total area of 35,650 sq.m. were titled in the name of the PNP. Fifteen other lots with a total number of 30,020 sq.m. were donated to the PNP. A comprehensive timeline for processing the titling of lots including the Issuance of Presidential Proclamation and Transfer of Ownership was also developed.

Infrastructure Management

One hundred thirty-five police stations were constructed for the period nationwide. A total of 215 police stations are undergoing construction and 48 others are at the bidding process. Further, seven PROs completed its repair projects and nine others are undergoing repairs. In the NHQ, 13 repair projects are being conducted in the various NSU buildings.

Financial Management

Fiscal Directives were issued to improve remuneration to boost the morale and welfare of PNP personnel and their dependents. They are as follows: "Guidelines and Procedures in the Increase of Subsistence Allowance and Laundry to PNP Non-Uniformed Personnel (NUP) Health Workers (RA 7305)"; Payments of Occupational Specialty Pay (OSP); Implementation of Hazardous Duty Pay (HDP); Granting of the Combat Duty Pay (CDP) and Combat Incentive Pay (CIP); Release of the Productivity Enhancement Incentive (PEI) for FY 2016 and Performance-Based Bonus (PBB); and the Second Tranche Compensation Adjustment for Non-Uniformed Personnel and Uniformed Personnel.

The following is the breakdown of number of claims with corresponding amount for the covered period:

COLLATERAL ALLOWANCE	NUMBER OF CLAIMS	TOTAL AMOUNT RELEASED
Combat Duty Pay	735,409	3,550,923,000.00
Combat Incentive Pay	456,324	1,546,448,400.00
Subsistence Allowance and Laundry Allowance	1,559	7,819,379.00
Hazardous Duty Pay	278	3,625,654.00
Productivity Enhancement Benefit	176,930	863,640,500.00
Performance-Based Bonus	157,436	1,562,388,100.00
TOTAL	1,527,936	7,534,845,033.00

Likewise, Fiscal Directive 2016-20 was formulated to prescribe policies and guidelines in the administration of PNP share from the STL sales of the PCSO. The said directive promotes transparency and accountability in the utilization of STL Funds. A policy on reversion of all Unutilized/Unobligated Trust Receipt Funds to the General Trust Receipts Funds for reprogramming was also issued to redirect the said unutilized/unobligated funds to other noble undertaking in accordance with the Chief, PNP's priority projects.

SOP Number 2016-02 entitled, "Guidelines and Procedures in the Implementation of Memorandum Circular 2016-038 with subject: "Uniform Rules on Automatic Salary and Pension Deductions" was issued to prescribe guidelines and procedures in the implementation of Automatic Pension Deduction Scheme (APDS) for loans contracted by PNP pensioners from accredited Financial Institutions (FIs).

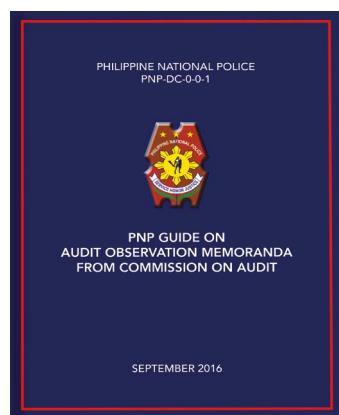

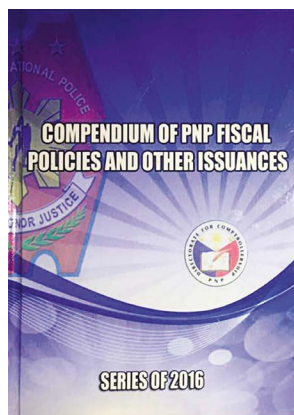

Additionally, the PNP is institutionalizing its gains through the publication of a fiscal compendium and PNP Guidebook on COA Audit Observation Memoranda (AOM). The handbook contains the synopsis of all directives and issuances pertaining to fiscal

administration since the inception of the PNP up to the present; while the guidebook is a compendium of COA Audit Observation Memoranda (AOM) wherein recommendations are explicitly presented and discussed to prevent negative audit observations from occurring again.

The aforementioned policies and initiatives ensure that all fiscal disbursements are in accordance with the new Government Accounting Manual but more importantly to expedite provisions for the operational activities of all units nationwide.

The CY 2016 management of PNP Financial resources led to the big leaps in the procurement of equipment and construction of key infrastructures which paved the way to the increased crime prevention and crime investigation. On the other hand, the PNP Budget was increased to upgrade the capability of the PNP and fill-up the requirements to effectively and efficiently cope with the real and present dangers faced by PNP operating units and personnel in the field.

PNP Modernization and Reorganization

PNP Reorganization and Modernization Plan. The PNP crafted its “PNP Reorganization and Modernization Plan” submitted to national consultation meetings in six clustered regions. These meetings were participated in by PNP personnel with NAPOLCOM and DILG representatives.

Meetings	Venue	Date
First Consultation Workshop for Cluster 1 (PROs 4A, 4B and 5)	PRO 5, Camp Simeon Ola, Legaspi City	January 12-13, 2017
Second Consultation Workshop for Cluster 2 (PROs 6, 7, 8 and 18)	PRO 7, PC Hills, Cebu City	February 1-4, 2017
Third Consultation Workshop for Cluster 3 (PROs 9, 12 and ARMM)	PRO 9, Garden Orchid Hotel, Zamboanga City	February 9-11, 2017
Fourth Consultation Workshop for Cluster 4 (NCRPO)	NCRPO Conference Room, Camp Bagong Diwa, Bicutan	February 22-23, 2017
Fifth Consultation Workshop for Cluster 5 (PRO COR, 1, 2 and 3)	Hotel Supreme, La Trinidad, Baguio City	March 1-4, 2017
Sixth Consultation Workshop for Cluster 6 (PRO 10, 11 and 13)	Green Heights Activity Center, Davao City	March 9-10, 2017

The salient provisions of the PNP Reorganization include: Additional PNP Powers; Reorganization of D-Staff and National Support Units; Creation of Area of Police Offices; Chief, PNP's

Powers on Organizational Adjustment and Distribution of Star-Ranks; Amendment of PNP Rank Classification; Detailing Legal Officers at the Police Provincial and City Offices; Lowering of Height Requirement; Amending Minimum Age Requirement; Attestation of Appointments by NAPOLCOM; and Transfer of Philippine National Police Academy (PNPA) and National Police Training Institute (NPTI) from Philippine Public Safety College (PPSC) to PNP.

For the PNP Modernization, the salient provisions include: Infrastructure Development and Facilities Upgrading; Equipment Upgrading and Acquisition; Submission of Modernization Projects and Activities under the Program to Congress; Strengthened PNP Procurement System and Procedures; Establishing the PNP Modernization Act and Trust Fund; Exemption of VAT and Customs Duties; and Ten-Year Implementation Period.

To reinforce internal discipline, provisions that will strengthen the PNP disciplinary mechanism include: Renaming IAS to Internal Affairs (IA); Separate Recruitment Quota and Promotion System; Reorganization of IA; President's Power to Choose Head of IA; Expanding IA Functions; New Modes of Appeal; and Fiscal Independence.

The PNP draft bill "PNP Reorganization and Modernization Plan" is being deliberated in the House of Representatives Technical Working Group. The consultation with the Senate resulted in the proposed filing of three separate bills (Draft Bill on PNP Reorganization, Draft Bill on Modernization, and Draft Bill on Disciplinary Mechanism) instead of one consolidated bill PNP Reorganization and Modernization Plan.

Digital Trunked Radio System Project

This project will provide the PNP its basic requirement for voice communication plus additional features like SMS, GPS and Database access for the same cost as the analog system. As of May 15, 2017, post-qualification on brochure of the HYTERIA (2nd lowest bidder) was conducted by the NHQ BAC TWG TEE on Communications and awaiting the schedule of the final deliberation for the Post-Qualification result.

Internet Protocol-Private Branch Exchange (IP-PBX) Project

The IP-PBX project will provide local VoIP telephone extensions to all PNP stations nationwide. To date, there is ongoing Post-Qualification on brochure submitted by Microdata System and Management Incorporated (lowest bidder) and evaluation of technical documents.

TRANSFORMATION

“While we are waging a renewed and stronger war against criminality, illegal drugs and corruption, **we shall continue to firmly implement our Transformation Program.**”

- PDG Dela Rosa during the Monday Flag Raising on July 4, 2016

Transformation Initiatives

The better part of 2016 and onto 2017 saw the sustained partnership of the PNP with its close-to-16,000 Advisory Council members, through the agency's transformation strategy the PNP P.A.T.R.O.L Plan 2030, reap many rewards at all levels of the organization.

In 2016, the number of reported significant contributions by the Advisory Councils for the year was 2,617, an improvement from the 2,361 tallied in 2015. 30% of said contributions were in the form of advocacy support for the PNP, 26% were advice, guidance, suggestions and recommendations given during strategy implementation reviews, 21% were in the form of capability enhancement through the provision of additional logistical resources, 10% represented capacity building through knowledge sharing and learning and growth, another 10% were in the form of morale and welfare improvement, and, 3% in other forms of contributions.

Ensure Functional PNP Scorecard

The Technical Working Group (TWG) on PNP PATROL Plan 2030 and the CPSM organized and implemented the PNP Unit Certification and Performance Governance Reporting (PGS Certification) to validate the implementation of each PNP unit's scorecards/dashboards and assess their overall performance based on the accomplishment of their set targets.

As of this date, 48% or 28 out of 58 PNP Offices/Units have been conferred the "Proficient" Status in their PGS journey.

Second Batch April 3, 2017	DIPO-EM, HS, SAF, IG, HSS, CSG, PSPG, WCPC, CHS	1 Gold Eagle 5 Silver Eagle
Total	28	23

The Proficiency Evaluation Process of all PROs has commenced and currently ongoing.

Ensure Effective Scorecard Management

Part of the PNP P.A.T.R.O.L. Plan 2030 strategy execution is the conduct of period reviews – one which the Strategy Review aims to effectively align and execute the PNP strategy. As of this date, 80% or 47 out of the 60 PNP Offices/Units conducted their Strategy Review for the 1st Quarter of 2017.

Police Leadership and Good Governance Lecture Series 2016

The following are the Police Leadership and Good Governance Lectures conducted for the period:

- 5th Leg of the Police Leadership and Good Governance Lecture Series with the theme: "Media as Agents of World Benefits Restorative Narratives: Defining a New Strength-based

Genre” held on July 19, 2016 at the Sinagtala P.A.T.R.O.L.ers Hall, CPSM, Camp Crame, Quezon City. More than 100 PNP personnel participated in the lecture on strategies on how the PNP can help the community to have meaningful progression from a place of despair to place of resilience.

- “6th Police Leadership and Good Governance Lecture Series for 2016” was conducted on September 6, 2016 with the topic “Team Talk: A Practical Guide to Effective Team Communications”. One hundred eighty-seven uniformed and non-uniformed personnel engaged in a highly interactive program that featured individual and group empowerment activities such as personality self-assessment, team building and public speaking.
- 1st Police Leadership and Good Governance Lecture Series for 2017 entitled “A Call to Personal Leadership” conducted on March 29, 2017 and attended by more than 400 participants coming from PNP, other law enforcement agencies and members of Advisory Council. The lecture emphasized the need for the PNP to become leaders not only of the PNP organization but also of the community.

Advisory Council Summit

The 2nd Advisory Council Summit was held on November 23-25, 2016 at Iloilo Convention Center, Manduriao, Iloilo with the theme “Nurturing Synergy and Sustaining Partnership Between Police and Community for Good Governance and Genuine Transformation”, attended by 231 participants from different units/Offices. The Advisory Council Summit is a nationwide

gathering of PNP stakeholders composed of members of TWG for P.A.T.R.O.L. Plan 2030, National Advisory Group for Police Transformation and Development (NAGPTD), Regional Advisory Council and other invited guests. The three-day summit also highlighted breakout sessions aimed to strengthen the national and regional stakeholder support for the PNP by showcasing models of performance and police-community partnership in the National Support Units (NSUs) and Police Regional Offices (PROs).

Competency Training of the Technical Working Groups and Police Strategy Management Units for the Proficiency Evaluation Process

A total of 79 PNP personnel were trained on the Overview of the Proficiency Evaluation Process (PEP); Performance Audit Process Flow; and Five Mandatory Elements of the PEP. Further, two Competency Workshops were also conducted to refresh the participants on the proper conduct of Strategy Reviews particularly on the filling up of the Strategy Review Matrix and Cross-Matching of Objectives, Measures, Targets, and Initiatives to the Special Action Force (SAF) on May 31, 2017 with 35 participants; and Highway Patrol Group (HPG) on June 6, 2017 with 29 participants.

Rationalization of Office/Unit

The PNP rationalized its various offices/units through organizational processes geared towards the improvement of policing system.

Operational and administrative capabilities of PNP offices were enhanced through changes in organization.

- Transferred the Personnel Holding and Accounting Unit (PHAU) from the Headquarters Support Service (HSS) to the Directorate for Personnel and Records Management (DPRM) (NHQ-PNP General Order Number 16-13) considering that planning and programming for placement of personnel is an inherent function of DPRM.
- Created the PNP Counter Intelligence Task Force (CITF) through Command Memorandum Circular No. 04-2017 under the Office of the Chief, PNP for information gathering, case build-up and conduct of law enforcement operations against rouge PNP personnel.
- Provided the placement of Isabela Component City Police Station (CCPS) under the administrative supervision and operational control of the Regional Director, PRO 9 for effective delivery of police services through NHQ-PNP General Order No. 17-05.
- Upgraded Compostela Municipal Police Station under Compostela Valley Police Provincial Office, PRO 11 from a Type "B" to Type "A" MPS through NHQ-PNP General Order No. DPL-17-01.

- Reorganized and renamed the PNP Anti-Illegal Drugs Group to PNP Drug Enforcement Group (PNP-DEG) through NHQ-PNP General Order No. DPL-17-06 to deal with the complexity of drug operations, involvement of organized crime groups in drug trafficking, dismantling of clandestine drug laboratories and eradication of other plant sources of illegal drugs. The PNP-DEG shall continue to be the office primary responsible for the implementation of the anti-illegal drug strategy of the PNP.

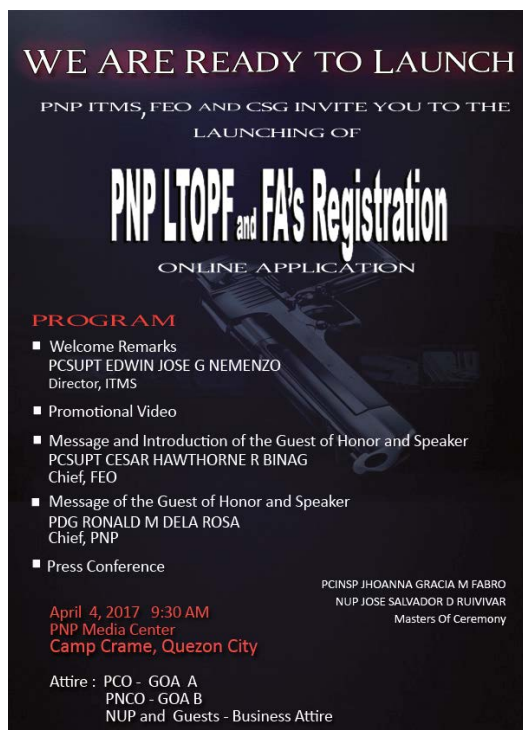

Improvement of Systems and Procedures in the Delivery of PNP Administrative and Operational Services

Systems and procedures were improved to ensure the efficient delivery of various PNP services.

The initiatives of the PNP aim to lessen the burden of personnel and the clients availing of these frontline services.

Online PNP License to Own and Possess Firearm and Firearms Registration System

The PNP has further streamlined its processes and procedures in providing firearms licenses through the Online LTOPF and FAs Registration System operationalized on April 5, 2017. Through this system, firearms owners can apply for their LTOPF online in their homes or offices by registering at onlineltopf.pnp.gov.ph using their NBI clearance ID number or other government-issued identification cards. The system is capable of validating and authenticating the submitted PNP neuro-psychiatric exam results, drug test results, DI clearance, and the NBI clearance.

C,PNP delivers his remarks during the launching of the online PNP LTOPF and Firearms Registration System

A user-friendly system using Graphical User Interface (GUI), data are automatically filled-up as long as the applicant has an existing LTOPF control number, NBI clearance ID number, PRC license number, and he/she is ready to upload and submit other documentary requirements. Applicants only need to have access to a computer with internet connection, a tablet or a smart phone to capture and upload the image of the required documents. After uploading, the applicant will wait for the online approval via text message or email and then pay the assessed fees at any Land Bank branch or online through the Land Bank's e-Payment Portal. The applicant will upload the proof of payment and select his/her schedule. Upon reporting to FEO or Regional Civil Security Unit he/she wait for approximately 10 minutes for the release of his/her LTOPF or Firearms Registration. Most importantly, LTOPF and Firearms Registration can now be claimed not only in Camp Crame, Marikina, Cebu and Davao but also in Police Regional Offices 9, 10, 11, 12, CARAGA and ARMM. In the Visayas, these

are in Police Regional Offices 6, 7, 8 and 18, and in Luzon, Police Regional Offices 1, 2, 3, 4A, 4B, 5, Cordillera and the National Capital Region. Applicants or their representatives are advised to strictly follow their preferred schedule/date and time and present all original documents when claiming their LTOPF.

For the period, 40,593 new LTOPF applications were processed, 14,846 were renewed, and 34,734 firearms licenses were renewed.

Expeditious Issuance of Discipline, Law and Order Division Clearance

The shortened processing period of DLOD Clearance from 14 working days to two days enabled the issuance of 16,442 Clearances/Certifications issued from July 16, 2016 to June 30, 2017 for promotion, reassignment, leave abroad, travel abroad, schooling, awards, scholarship and retirement benefits.

Expeditious Submission of Investigation Report, Line of Duty Status Report and Other Pertinent Documents of the Deceased PNP Uniformed Personnel

PNP offices/units nationwide were directed to observe the policies and guidelines in providing the expeditious release of benefits to the family of deceased PNP uniformed personnel through the timely submission of Investigation Report, Line of Duty (LOD) Status Report, and other pertinent documents in support to the death claims of the said personnel through PNP Memorandum Circular 2016-061.

iSerbis Mobile Application

This mobile app allows the public to view information on the different available PNP services, view infographics on common illegal modus operandi, emergency hotlines and links to other available PNP apps such as the PNP Telephone Directory, PNP Pension and Bantay Krimen. It also highlights documentary requirements when availing of frontline services from Firearms and Explosives Office for the processing of Firearms and Explosives Licenses and Permits; Supervisory Office for Security and Investigative Agencies for licenses on security profession, private security and detective agencies; Highway Patrol Group for motor vehicle clearance and alarms; and PNP Recruitment Program and other clearances.

Implementation of Memo Directive re “Strengthening PNP ICT Measures and Strict Adherence Thereto” in conjunction with the Implementation of PNP MC 2014-033 titled “Revised Guidelines in the Certification of PNP Information System”

The PNP ensures that development of IS complies with established standards in data structure, organizational plans and processes, as well as ascertain operational compatibility with other existing IS. These standards and processes are being institutionalized to guarantee adherence to the PNP Information System Strategic Plan (PNP ISSP) to ensure data protection and security, maximum utilization, interoperability and sustainability of IS. Among the information systems that have passed the certification process are the following:

- PNP Basic Computer Essentials Information System that assesses the computer literacy of PNP personnel assigned in offices/units performing administrative functions
- Women and Children’ Protection Center Information System designed for immediate and secured consolidation of data/statistics of crime incidents involving women and children cases
- PNP Buildings and Facilities Information System that records and monitors the construction, insurance and maintenance of all PNP buildings and facilities nationwide
- Police Security and Protection Group Information System that maintains VIPs and Protective Security Personnel (PSP) records as well as monitor and update changes in all its activities

PNP officers during the launching of the Bato Mobile game and application

- PNP Telephone Directory (for Android Mobile Devices) that calls/dials the telephone number right from the application itself
- PNP Personnel Clearance System (PNPPCS) that stores complaints, pre-charge and administrative cases of PNP personnel nationwide, as well as tracks and monitors the status of these cases
- PNP Crime Mapping Information System that helps PNP units/offices analyze crime trends, patterns and cluster
- The e-Mapping System (eMS) for Threat Groups that allows authorized encoders and administrators to map, model, query and analyze large quantities of data within a single database according to their location

PNP Enterprise Resource Planning System Workshop

The PNP-ERPS is a system that integrates all the PNP's databases and information systems operating in highly vulnerable silos into a single platform. A workshop on enterprise resource planning was conducted on August 9-10, 2016 in Makati City.

Human Resource Management Information System

The system is capable of generating executive level reports and will allow functionality of real-time personnel records across the units/offices of PNP nationwide. The contract with the PTIC for the HRMIS Project was signed on May 15, 2017 through ITMS with Notice to Proceed issued on May 16, 2017.

Support to Operations Management Information System Project

This system will create a master database of people and objects (information of vehicle, firearms, fingerprints, etc.) that can be integrated to Crime Information, Reporting and Analysis (CIRAS) under the Operational Readiness (OR) module of the PNP ERPS. The project is currently at Pre-Bid Process and will be facilitated by ITMS BAC.

Procedures in Real Estate Management and Disposal of PNP Property

In line with streamlining of processes, PNP Memorandum Circular No. 2017-038 entitled "Amending paragraph 2 of PNP Memorandum Circular No. 2016-069 (Guidelines and Procedures on the Lease of PNP-Owned, Occupied and Managed Lots, Buildings and Spaces) was formulated to set the terms, procedures, guidelines and obligations of the PNP regarding the lease of PNP-owned, occupied and managed lots, buildings, and spaces to the private sectors.

Procedures on proper disposal of PNP equipment were also formulated through PNP Memorandum Circular No. 2017-017 "Revised Guidelines and Procedures in the Disposal of Philippine National Police Property, Plant and Equipment (PPE) and the Disposition of the Income Derived Therefrom".

Standard Specifications of PNP Uniforms and Equipment

Research and development activities were conducted to ensure that procurement and delivery of police items are in conformity with the Procurement Law.

Development of Specifications

The PNP has developed/amended 65 standard specifications for various police items, to wit:

Items	New Specifications	Amended Specifications
Weapons	5	3
Transportations	4	0
Communications Equipment	6	3
Clothings and Accoutrements	12	6
Medical and Dental Equipment	7	5
General Criminalistics Equipment	5	9
	39	26
TOTAL	65	

Stakeholders such as legitimate manufacturers/suppliers/distributors played significant role in the development/formulation of prototypes of various police uniforms and individual equipment subject to the approval of the PNP Uniforms and Equipment Standardization Board (UESB), which conducted 18 meetings during the period.

Issuance of Certificates of Conformity

For the period covered, there were 29 Certificates of Conformity issued to qualified proponents who complied with all the mandatory requirements for them to become authorized suppliers of the PNP uniforms and accoutrements including the supply of Initial Clothing Allowance items for the new PNP recruits.

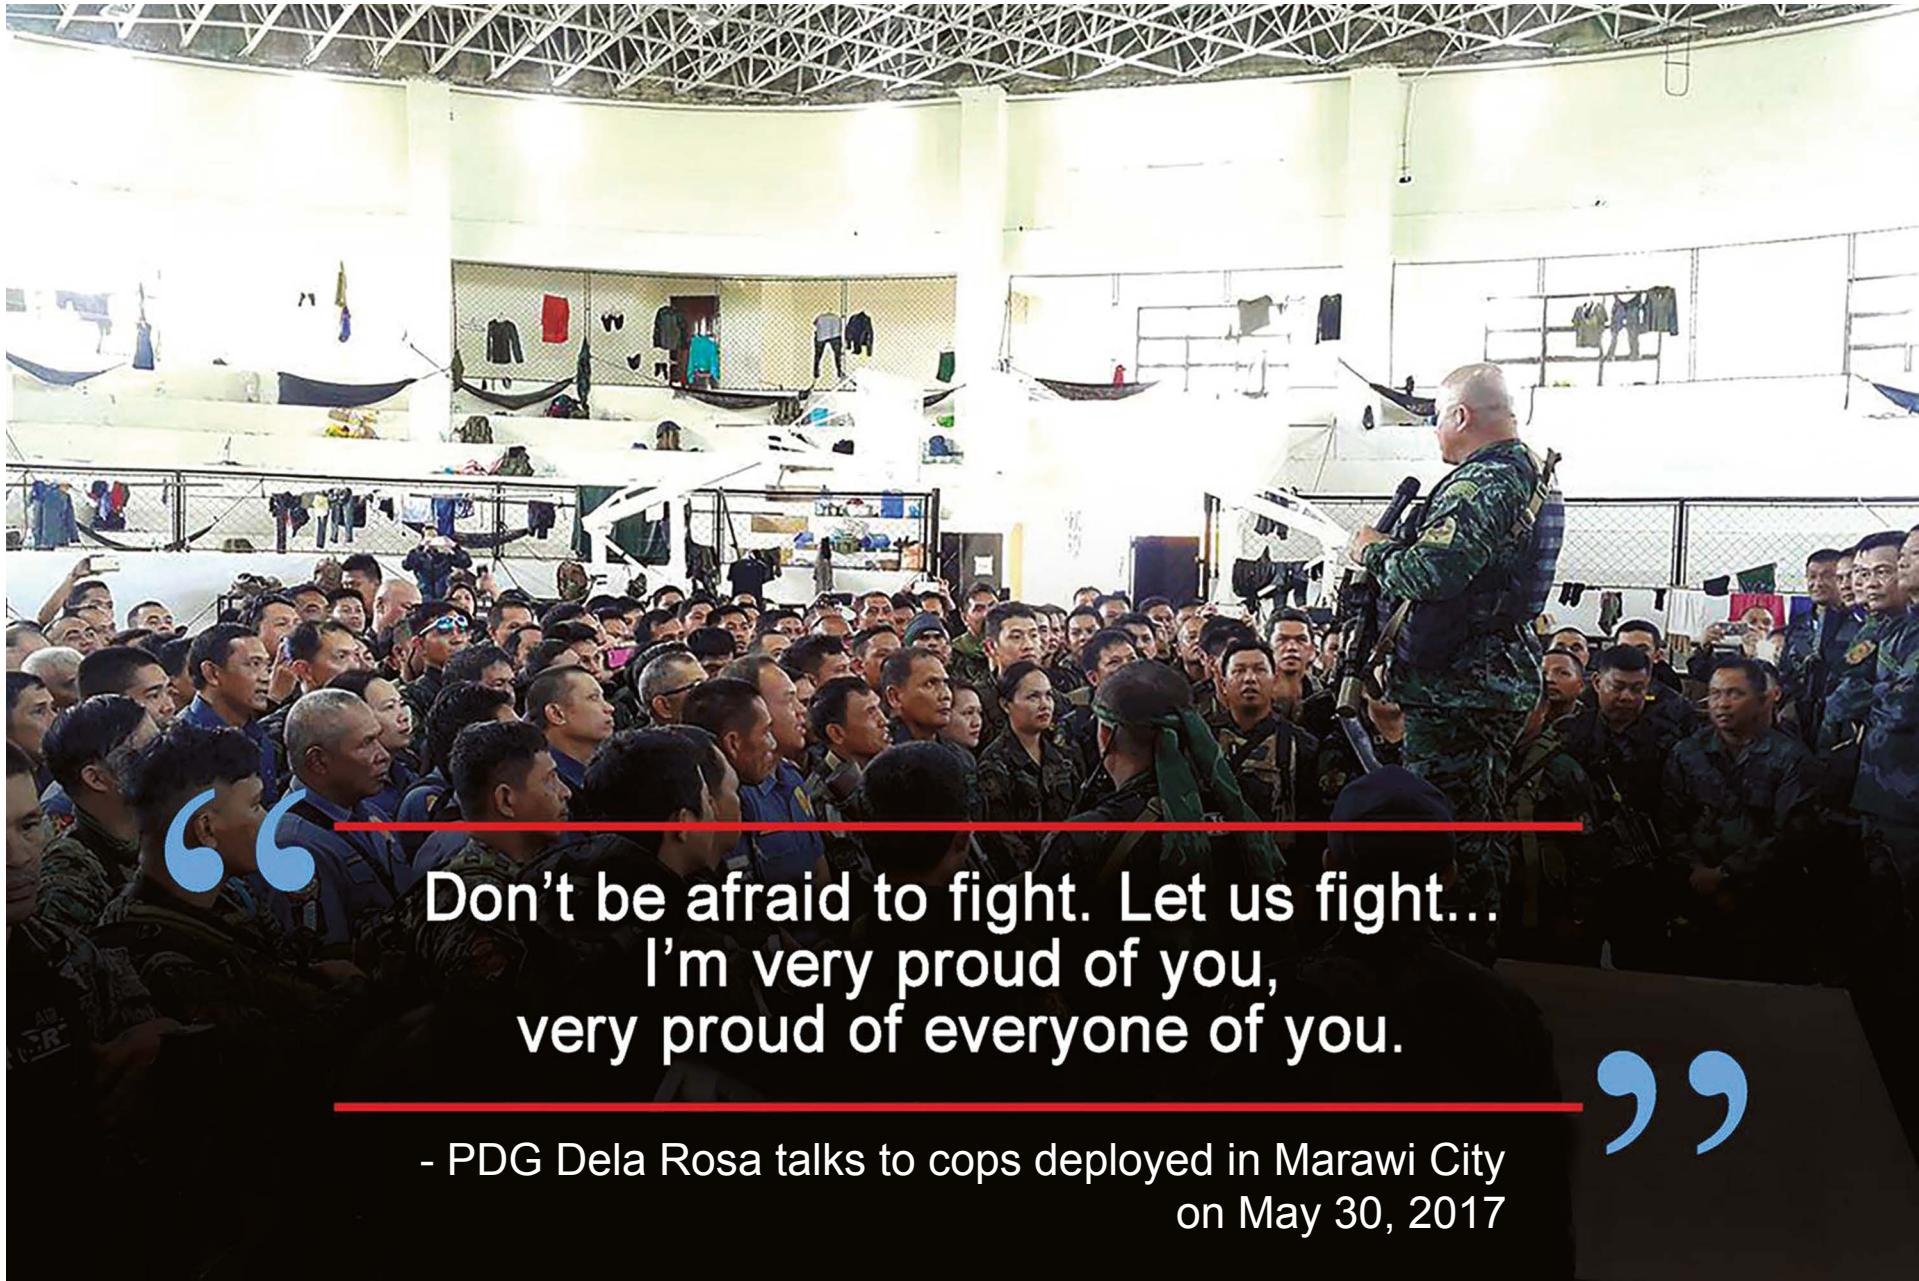

Test and Evaluation

A total of 79 tests and evaluations were conducted on various police items and equipment to ensure best quality and right specifications for move, shoot, communicate and investigative equipment. Likewise, 39 acceptance and functional tests and evaluations were conducted.

Crime Prevention

Enhanced crime prevention programs were implemented to keep communities safe.

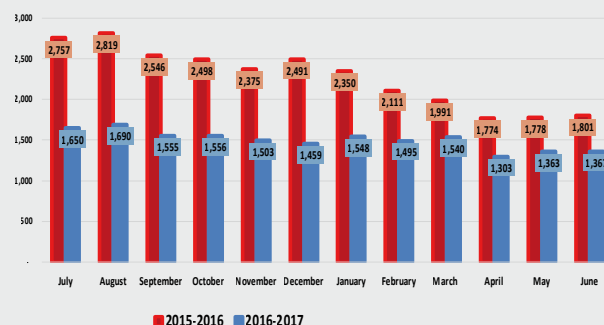

Improving crime prevention is a priority of the PNP to ensure safety and security of the populace. Managing Police Operations, the PNP anti-criminality campaign plan, which addressed the eight focus crimes was expanded with the issuance of Enhanced MPO with the inclusion to address prevalent crimes. The objective of reducing crimes was achieved.

Decreases were recorded in six of the eight focus crimes as follows: Physical Injury by 17.44%, Robbery by 33.94%, Theft by 38.41%, Carnapping MV by 47.59%, Carnapping MC by 39.86%, and Rape by 7.23%.

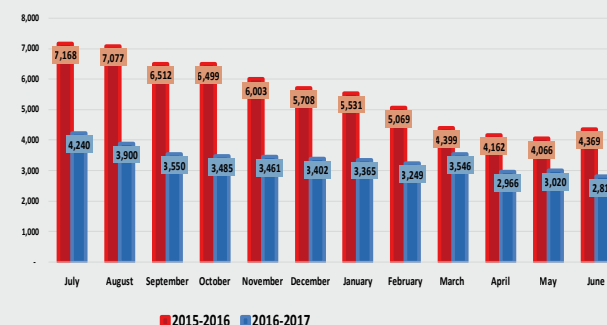

Physical Injury

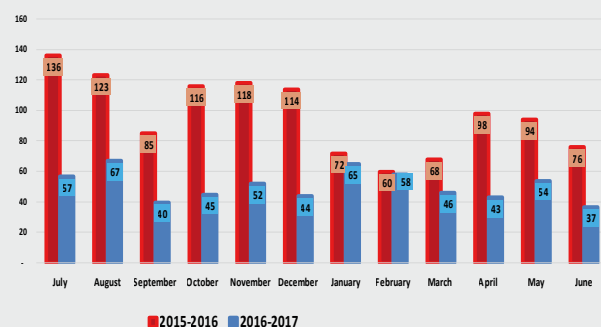

Robbery

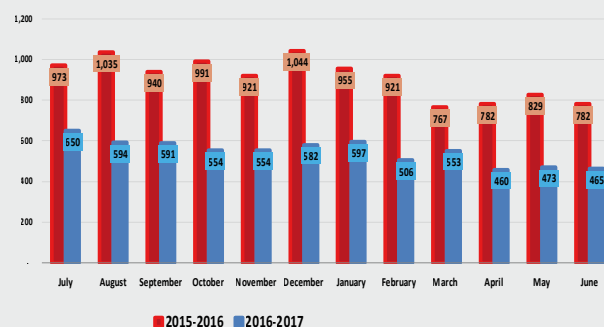

Theft

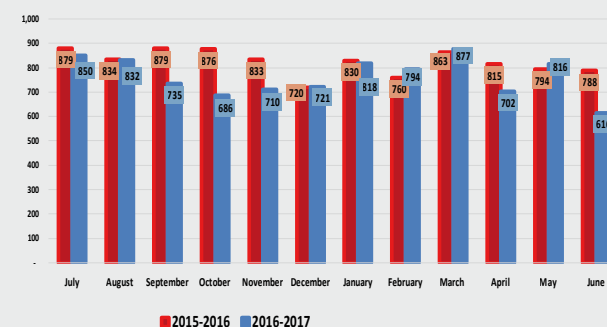

Carnapping MV

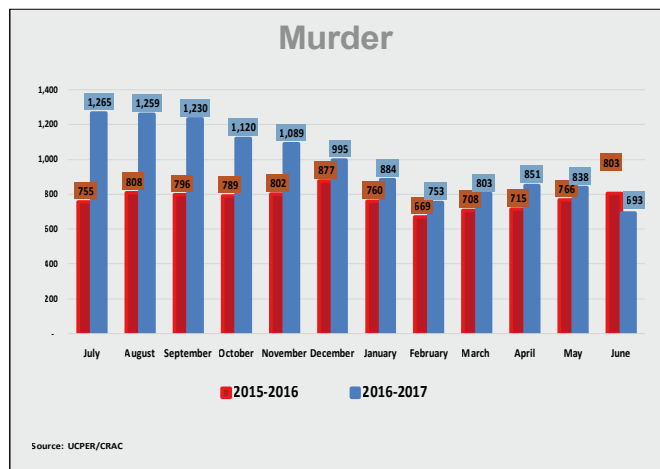

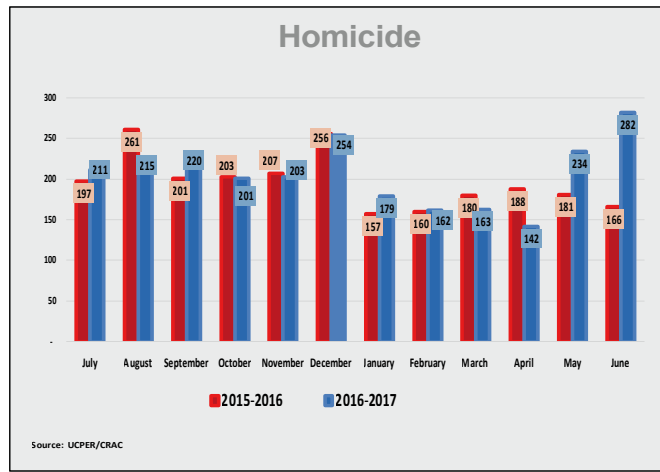

Carnapping MC

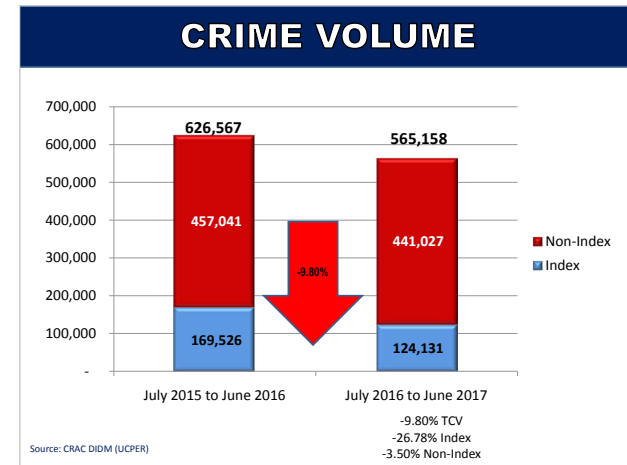

Rape

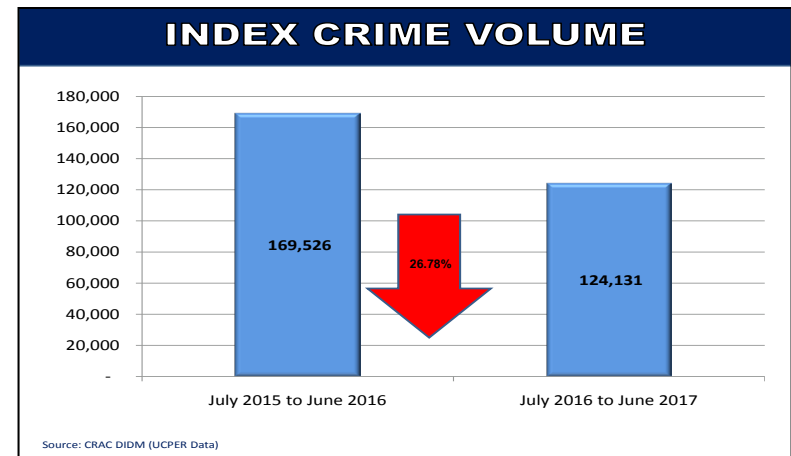

However, Murder and Homicide cases increased by 27.38% and 4.62% respectively, which could be attributed to the sustained operations against illegal drugs.

Overall, Crime Volume decreased by 9.80% from 626,567 in July 2015 to June 2016 to 565,158 in July 2016 to June 2017.

A substantial 26.78% decrease in Index Crime Volume was also recorded from 169,526 incidents for the period July 2015 to June 2016 to 124,131 incidents for July 2016 to June 2017.

The enhanced crime prevention programs and the community partnership contributed to the reduction of crimes. The Barangay Peacekeeping Action Teams (BPATs) continue to support the police in its peacekeeping efforts serving as “force multipliers” and main operators of the Barangay Peacekeeping Operations. There are 291,478 BPAT members comprising the different BPATs organized in 27,089 barangays out of 42,036 barangays nationwide. This partnership strengthens the ties for the PNP and the community to improve crime prevention.

Law Enforcement/Implementation of Anti-Illegal Drugs Campaign Plan: Double Barrel Reloaded

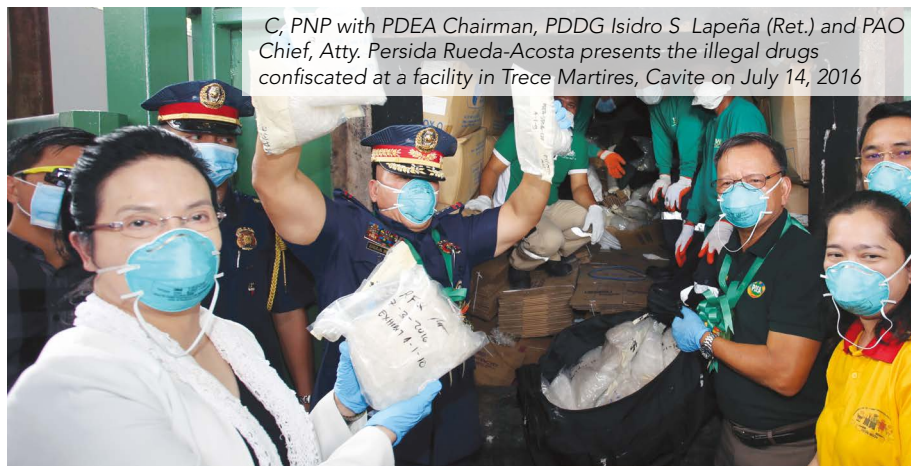

The PNP contributed to the whole of government’s effort to eradicate illegal drugs through sustained anti-illegal drug operations.

The PNP, in response to the directive of President Rodrigo R Duterte to address the worsening problem of illegal drugs in the country, implemented the Anti-Illegal Drugs Campaign Plan: “Double Barrel” with two approaches: the Project Tokhang and Project High-Value Target (HVT) on July 1, 2016. The relentless operations against illegal drug personalities and dismantling

of drug syndicates aim to clear all drug affected barangays in the country. The campaign yielded a considerable number of personalities in illegal drugs in the first three months. However, the President realized the severity of the problem that he deemed the need to extend his self-imposed deadline of three months to six months to solve crime and the illegal drugs problem.

For the police to further improve and strengthen the campaign against illegal drugs, the PNP National Oversight Committee on Anti-Illegal Drugs evaluated and validated the accomplishments of PNP lower units in implementing the campaign plan. The results showed the respective peculiarities and conditions in the areas of operation, as well as the aspects that require further attention.

Considering the findings of the Oversight Committee and the President’s six-month extension to rid crime and illegal drugs, the PNP concurrent with its mandate to support the Philippine Drug Enforcement Agency (PDEA) pursuant to Republic Act No. 9165, expanded the Anti-Illegal Drugs Campaign Plan “Double Barrel” to Anti-Illegal Drugs Campaign Plan “Double Barrel” ALPHA. Campaign Plan “Double Barrel” ALPHA focused more on the accounting of HVT Personalities involved in illegal drugs and progressing towards the Government’s ultimate objective of clearing all drug-affected barangays nationwide.

C, PNP addresses drug surrenderers

On January 29, 2017, the President directed the PNP to temporarily stop all anti-illegal drug operations following an unfortunate incident that involved some anti-narcotics operatives. Thus, the Chief, PNP dissolved the Anti-Illegal Drugs Group (AIDG), all anti-illegal drug units, from the national, local to the police station level effective January 30, 2017. In the meantime, the PNP went after rogue policemen and formed a counter-intelligence task force against rogue cops.

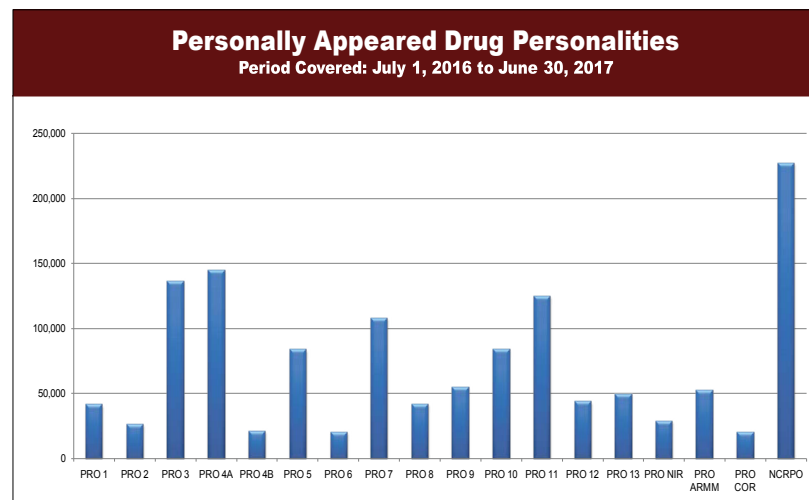

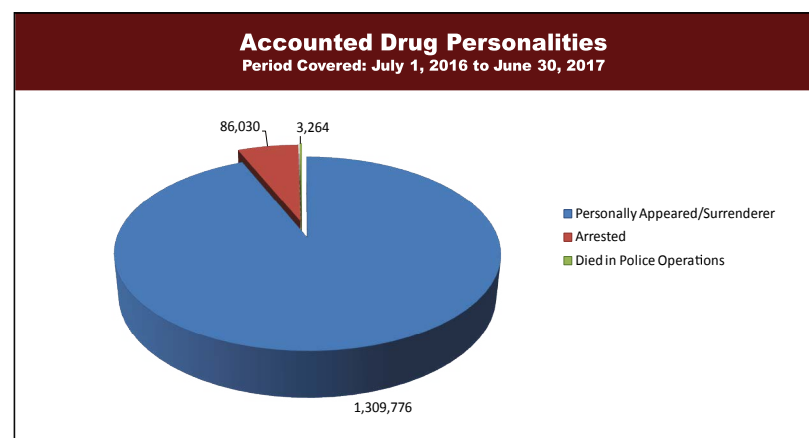

During the suspension of the PNP's anti-illegal drugs operations however, a number of local government units and the public reported that illegal drug personalities had resurfaced and continued their illegal drug trade. Crimes, particularly murder, rape, theft and robbery likewise increased during the period.

Fearing that the situation may worsen and adversely affect peace and order in communities, local government executives and concerned groups clamored for the return of the anti-illegal drug operations to the PNP.

Hence, the PNP resumed its anti-illegal illegal drug operations in close coordination with the Philippine Drug Enforcement Agency

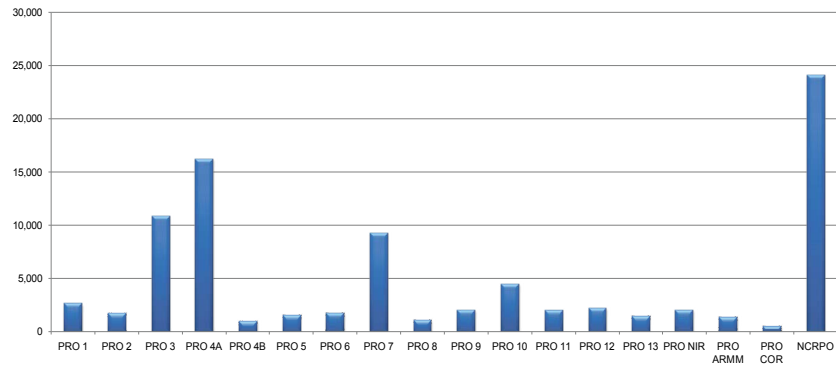

(PDEA), as ordered by the President through "Project Tokhang: Revisited" and "Project HVT: Revalidated". This vigorous, unrelenting and deliberate campaign against illegal drugs focuses on clearing operations of drug affected barangays. The PNP Anti-Illegal Drugs Campaign Plan Double Barrel: Reloaded was implemented starting March 1, 2017.

From the start of the campaign from July 1, 2016 to June 30, 2017 a total of 1,309,776 illegal drug personalities have surrendered to police stations nationwide; 86,030 were arrested and 3,264 died in police operations.

TOTAL	8,368,674	1,309,776	64,527	86,030	3,264

There was a significant decrease of 31% in the daily average of focus crimes comparing the 2nd semester of 2015 and 2nd semester of 2016 when Projects: Double Barrel and Double Barrel Alpha were implemented.

The reductions in the focus and prevalent crimes signify the effective implementation of Project Double Barrel as the strategy is not only with the elimination of illegal drug trade but also in the reduction of crimes.

Meanwhile, the internal cleansing efforts of the PNP involved the validation of PNP Personnel under CI Watchlist through the Memorandum Circular 2017-013 "PNP Internal Cleansing Strategy". Through this, the number of active PNP personnel involved in illegal activities under CI Watchlist vastly increased from 1,081 to 1,491 as of June 6, 2017.

Out of 1,491 PNP Personnel under CI Watchlist, 1,270 are involved in illegal drugs and 221 are involved in other illegal activities such as robbery/extortion, illegal gambling, illegal logging, illegal fishing, kidnapping, carnapping, smuggling, codling of criminals, moonlighting and others.

On PNP personnel involved in illegal drugs, 24 were administratively charged, 34 were criminally charged, 25 died during police operations (DPO), 11 are Homicide Under Investigation (HUI), and 60 were arrested, 43 surrendered under PRRD pronouncement, 18 Uniformed Personnel and 1 NUP voluntarily surrendered.

On PNP Random Drug Test, a total of 169,021 PNP personnel from various offices and stations nationwide underwent random

drug testing. 247 (240 Uniformed and 7 Non-Uniformed) of which were confirmed positive for the presence of Methamphetamine hydrochloride otherwise known as "shabu".

In relation, a Biographical Profile Form (BPF) is required for every surrenderer. This 5-page document consists of 56+ fields of information was developed to gather and elicit vital information on a particular drug personality. The BPF is very important in generating the links between drug personalities/syndicates and their possible protectors in law enforcement sector, as well as the sources of illegal drug items. It is also a tool for generating link diagram through the i2 analyst notebook.

From July 1, 2016 to April 30, 2017, a total of 990,165 personalities were included in the Drug Personalities Watch List.

Total Number of Personalities	990,165
Surrendered	891,920
Arrested	52,950
Died during Police Operation(DPO)	2,234
Homicide Under Investigation (HUI)	2,202
Deceased	633
Leaving Balance	40,226

The High Value Targets (HVTs) on drug personalities were categorized into three. Classified as Level 3 are the drug group leaders and key members, leaders and members of transnational drug syndicates, government officials, high-ranking law enforcers/officials, financiers, and members of judiciary. Level 2 are drug group members, government employees, low-ranking law enforcers/officials, leaders of armed threat groups, celebrities,

media practitioners, and other prominent personalities. Level 1 are government employees, foreign nationals, and members of armed threat groups.

From July 1, 2016 to June 30, 2017, a total of 8,195 HVTs were identified. Consequently, several anti-illegal drugs operations conducted on HVTs yielded the following:

Arrested	1,340
Surrendered	3,522

Campaign Against Carnapping

Carnapping incidents were reduced by 41% from 12,100 (July 2015-June 2016) to 7,187 (July 2016-June 2017). Of the total reported incidents for the period July 2016-June 2017, 1,501 vehicles were recovered which translates to a recovery efficiency rating of 21%. In addition, 922 suspects were arrested and 662 cases were filed in courts.

Notable among the accomplishments in this campaign was the police intervention by the PNP Highway Patrol Group (HPG) that led to the busting of a syndicate engaged in a multi-million peso

scheme involving loans secured from unsuspecting individuals and financial firms using rented motor vehicles as collateral. One hundred seven motor vehicles were recovered by the HPG from the 457 "rented" cars, and several suspects were arrested.

Campaign Against Criminal Gangs

One hundred two criminal gangs (CGs) were disbanded with 1,233 leaders and members, of which 1,157 were arrested and 76 died in police operations nationwide. Also, 460 firearms were confiscated/recovered and 718 cases were filed in court. Notable accomplishment on this campaign was the arrest of Solayman Dimaporo @Jomar, @MuslimenUtap y Dimawan, a High Value Target level 2 suspect and the Team Leader of dreaded Notorious Martilyo Gang/UTAP Group. Subject was arrested in the vicinity of Saging and Strawberry Streets, Brgy. CAA, Las Piñas City on May 9, 2017.

Campaign Against Kidnapping for Ransom

Twenty-six kidnapping incidents were reported. Of the total incidents, 38 personalities were neutralized and seven cases were solved. This campaign resulted in the arrest of SPO3 Ricky Sta. Isabel and surrender of SPO4 Roy Villegas and Ramon Yalung on January 20, 2017, and PSSupt Rafael P Dumlao on April 25, 2017. They were involved in the kidnapping for ransom, and murder of Korean national Jee Ick Joo.

The campaign also yielded the neutralization of a KFR syndicate led by an Indian national victimizing fellow Indians doing business in the country. The PNP arrested Indian national Gurmeet Singh, one of the syndicate leaders involved in the kidnapping of Harvinder Singh on March 9, 2017 in Nueva Ecija and was freed on March 25, 2017. Other group members arrested in separate follow-up operations in Nueva Ecija were Jerry Cabading y Caasi alias Tolox; Francis Castro y Cristiobal alias Gorilla; and Gregorio Peña y Mina alias Jun-Jun. Three handguns, a grenade and the Php600,000.00 cash ransom were recovered from the suspects.

Campaign Against Wanted Persons with Head Prize

The crackdown on the country's Top Most Wanted Persons (TMWPs) with head prize or monetary rewards for their capture, resulted in the arrest of 12 and the death of one in police operations. In these operations, national level MWP Willy Sagisag wanted for murder and multiple murder with a Php600,000.00 head prize was arrested in Sitio Malusong, Brgy Antonio Canao, Lubuagan, Kalinga on February 21, 2017.

Campaign Against Other Wanted Persons

The crackdown on the country's Other Wanted Persons (OWPs) resulted in the arrests of 42,028 persons, surrender of 648 and demise of 57 in police operations.

Campaign Against Illegal Gambling

The 11,589 anti-illegal gambling operations resulted in the confiscation of Php 11.3 Million worth of bet money and other gambling paraphernalia, arrests of 22,045 suspects, and the filing of 10,162 criminal cases in courts.

Campaign Against Smuggling and Piracy

PNP operations resulted in the arrest of 14 suspects and the confiscation of Php 63 Million worth of smuggled and pirated goods. The filing of cases was referred to the Bureau of Customs (BOC).

C, PNP presents the arrested Wanted Persons and confiscated firearms

Campaign Against Loose Firearms

The relentless efforts to account loose firearms resulted in the confiscation, recovery and surrender of 10,170 small arms and light weapons (SALW). Also, 9,000 suspects were arrested and 5,534 cases were filed in court for violations of Republic Act No. 10591 "An Act Providing for a Comprehensive Law on Firearms and Ammunition and Providing Penalties for Violations Thereof".

Campaign Against Illegal Logging

There were 2,016 operations against illegal logging that led to the arrest of 1,636 suspects. In these operations, a total of 3,157,299 board feet of logs/lumber with an estimated value of Php 48.21 Million was confiscated. Four hundred fifty-six cases were filed in court.

Campaign Against Illegal Fishing

A total of 10,259 suspects were arrested for illegal fishing and 693 cases were filed in court. The operations also resulted in the confiscation of Php 173.3 Million worth of fish and fishing paraphernalia.

Intelligence Operations

Seventeen Case Operation Plans were approved at the National Level. Fourteen persons were arrested in the case operations totaling Php 558,200.00 funds released. Meanwhile, 205 personalities were arrested on case operations at the Regional Level mostly targeting illegal drug pushers/personalities.

Most Wanted Persons with Monetary Rewards

- Twenty-eight claims for monetary rewards for the arrest of 28 most wanted persons covered by DILG Memorandum Circulars were processed and approved for payment by the NHQ-PNP Board of Officers on Reward (BOR) totaling Php 3,485,000.00 wherein Php 560,000.00 for five claims were paid in year 2017
- Claims for the arrest/death of two Abu Sayyaf Group (ASG) and cohorts covered by DND-DILG Joint Order on Reward were processed and approved by the AFP-PNP National Joint Reward Valuation Committee (NJRVC) with total reward of Php 10,460,000.00 namely: Zulkifli Bin Hir a.k.a. Marwan (Php7.4M) and Hajer Adjuan Sailani (Php 350,000.00) which were paid in 2016 and 2017, respectively.

Improvement of Crime Solution

From July 1, 2016 to June 15, 2017, a total of 12,833 Murder and Homicide Cases were recorded nationwide with 14,410 victims. Of this number, 2,098 were drug-related, 2,355 were non drug-related and the 8,200 cases are still under investigation to determine the motives. Of the 12,833 cases, 3,194 murder cases were cleared/filed in court broken down to: 1,810 cases filed with accused arrested of which 86 were drug-related and 1,724 were non drug-related; and cases filed with 1,384 accused at-large of which 177 are drug-related and 1,207 non drug-related.

On the other hand, a total of 970 Homicide cases were cleared/filed in court broken down to: 670 cases with accused arrested of which 9 were drug-related and 661 were non drug-related; and

cases filed with 300 accused at-large of which 18 are drug-related and 282 are non drug-related.

Information Technology Solutions

The PNP continues to advance its Information Technology (IT) Solutions to emphasize the significance of investigation in crime prevention and solution. The core components of the IT Solutions are the enhanced e-Blotter or Crime Information Reporting and Analysis System (CIRAS); Case Information Database Management System (CIDMS); Case Management and Analysis System (CMAS); e-Subpoena System; e-Rogues Gallery and, e-Warrant System.

Orientation Seminar on the e-Subpoena System

Crime Information, Reporting and Analysis System (CIRAS).

CIRAS sets a standard procedure by which all crime incidents that are reported to the police stations are stored electronically in a database. The system does not only facilitate crime documentation and data storage but also presents quick, fast and reliable transmission of crime information from a particular police station to the National Headquarters at Camp Crame, Quezon City. CIRAS was enhanced and now has the capability of the crime clock generation, graphs, crime maps, Tokhang (surrenderers) and UCPER whether it be nationwide per PRO, PPO, CPO or station.

From July 1, 2016 to June 30, 2017, there were a total of 564,863 crimes investigated and reported in the Unit Crime Periodic Evaluation Report which is the manual reporting. Out of this, 57.16% were solved and 70.46% were cleared cases. It will be noted that CIRAS is more updated since all incidents should be recorded within 24 hours upon receipt of complaint. For this, 568,021 crimes were encoded in the system and since this is more updated, it will be noted that crime solution efficiency is 60.84% and crime clearance is 76.47%

Lecture on CIRAS

e-Subpoena System

The system is an automated notification system which enables the courts to create and send subpoena electronically and directly to the police witnesses and the units where they are assigned. The PNP, in turn, uses the system to monitor compliance and to sanction police officers who fail to attend hearings. This replaces the old system in sending subpoena thru registered mail (snail mail) system, where the subpoena routinely fail to reach police witnesses on time. Without the apprehending police witnesses, judges are forced to reset the hearings and eventually dismiss cases, especially in drug buy-bust operations. User's trainings were held for all the Court Process Officers (PNP) and Clerk of Courts (Courts) in National Capital Region and Regional Offices 3, 4A, 5, 6 and 7 on August 30-31, 2016 (NCR), September 5-9, 2016, January 9-13, 2017, September 19-23, 2016, November 21-25, 2016, December 5-8, 2016. Subsequently, e-Subpoena system is being used in all the courts in Metro Manila, Regions 3, 4A, 5, 6 and 7.

With the use of the said system, the sending of subpoena became easier and non-appearance of police witnesses was minimized as it ensures that the investigators appear in court. With its continuous implementation, total non-appearance to court duties will no longer be a problem. With this, speedy resolution of cases will be achieved.

Wanted Persons Information Systems or “e-Warrant”

The system is where all warrants of arrest are electronically documented so that they can be accessed through the internet by all police stations nationwide. This is a necessary investigative tool available to all police personnel to inquire on the status of a certain person. It will also serve to account for the status of all wanted persons nationwide. Effectively, hiding places of criminals will become smaller for them.

Because of this, unsolved cases were solved as suspects were arrested due to the query made on the status of a certain person. One example of this was in CY 2016, wherein a wanted person in Ifugao applied for a Police Clearance in Camp Crame. He has been absconding since 2007 for three counts of Rape and a violation of the Forestry Code. Because of the e-Warrant, verification of his identity recorded a “HIT”. After validating the warrants against him through coordination with PRO COR, he was apprehended by the elements of CIDG.

A total of 67,917 Warrants of Arrest were uploaded into the system from July 1, 2016 to June 22, 2017.

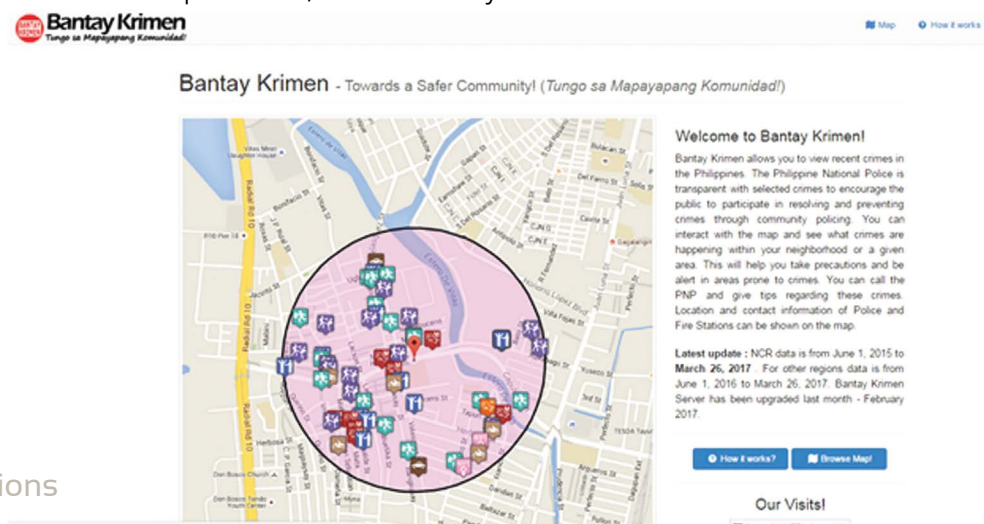

Screen capture of a news feature highlighting the importance of e-Warrant System

e-Rogues System

This system provides every police station in the country access to data on criminals to include pictures that are in the files of police units in the country. Through the PNP e-Rogues Gallery System, the records of an individual or a suspect wanted for a crime in one locality can be instantly accessed by a police station in another locality with just a click of their fingers at the system. This system is also one of the databases used for the record checking of individual in the national police clearance. There are 191,142 uploaded mugshots nationwide for the period. This is the basis for searching persons arrested nationwide.

Bantay Krimen Mobile Application

The Bantay Krimen Mobile App is another milestone in IT solutions and an off-shoot of Next Generation Investigation System (NGIS). It aims to promote awareness, crime reporting and prevention. It was created through the collaboration between the University of the Cordilleras and the Directorate for Investigation and Detective Management. It was formally launched on March 16, 2016 at Camp Crame, Quezon City.

Users of this application can now report crime in their areas. With the crime map in the application, viewers will be aware of the crime prone areas. Also with this application, commanders can now make an intervention based on the crime mapping. The public will be more confident in reporting crimes and with this application more crimes will be prevented and resolved.

For the period covered, there were 427,722 data by crime in the BantayKrimen Map broken down as follows:

Crime	No. of Incidents
Anti-Carnapping Act	6,655
RA 9165	616
Homicide	7,985
Murder	15,838
Physical Injuries	45,315
Rape	7,867
Robbery	17,226
Theft	40,379
Vehicular Traffic Accident	238,100
TOTAL	427,722

Validation of e-projects

In order to ensure the 100% compliance of all PROs in the encoding and uploading of data in CIRAS, e-Rogue and e-WPIS, e-projects are validated in line with the ImbestigaTour which is currently being cascaded nationwide.

Human Rights Based-Policing

The PNP, through its Human Rights Affairs Office (HRAO) had actively participated in 492 trust-building activities, Congressional and Senate Hearings, and other multi-sectoral events related to the promotion and protection of human rights, and International Humanitarian Law.

Human Rights Policies and Advisories

Various Human Rights Advisories were condensed into pocket cards and served as reminders to all PNP personnel of their underlying duty to uphold human rights and the rule of law at all times.

PNP-ICRC Workshop/Training on HR and IHL

Series of trainings/workshops supported by the International Committee of the Red Cross (ICRC) and dubbed as “PNP-ICRC Workshop/Training on Human Rights and International Humanitarian Law” were conducted for 114 PNP personnel participants. These trainings/workshops provided venues for discussion of IHL issues; increase awareness about the ICRC; increase understanding of the situation in the areas of operational importance to the ICRC; and raise awareness of international policing standards as relevant to the work of ICRC.

Police Human Rights Officers Cluster Training of Trainers

Three trainings were conducted for 90 PHROs to enhance their knowledge and develop a deeper understanding on the practical applications of Human Rights and International Humanitarian Law.

Human Rights Refresher Trainings for Investigators and Custodial Officers

These trainings reoriented police investigators and custodial officers of the fundamentals of human rights, investigative procedures based on Philippine Laws and Police Operational Procedures. Fifteen trainings with 740 PNP-participants were conducted in the first semester of 2017.

Human Rights Seminars for Patrollers

These seminars enhanced and increased awareness on the application of relevant national and international human rights law, principles, and standards among Police Intervention Officers who deal with drug suspects for them to avoid committing human rights violations, and improve their professional competencies.

Top Level Forum and Workshop on International Law Enforcement Standards for Senior Police Commissioned Officers in Partnership with the International Committee of the Red Cross

Twenty-seven Senior Police Commissioned Officers with the ranks of PCSUPT and PSSUPT from selected Directorates/PROs/Units participated in the forum and workshop held at Panglao Island, Bohol from March 14-16, 2017. The forum primarily provided a venue for discussing actionable issues, policy recommendations and holistic solutions on the following issues: Congestion of PNP Custodial Facilities due to the intensified implementation of Project Double Barrel 1 and 2; Force Protection and Use of Non-Lethal Weapons; and Updates and Filing of Human Rights Violation Cases Involving Death under Investigation.

Inspection of Custodial Facilities

This is a regular activity of the 18 PROs and HSS to ensure that persons under custody are treated in a humane and dignified manner, and to uphold their individual rights pursuant to human rights standards and existing laws. Likewise, the inspection monitors observance of established procedures and guidelines in detention management and to improve the living conditions of detainees. For the first semester of 2017, there were 3,602 Police Stations from the 18 PROs that submitted inspection reports. A total of 1,970 custodial facilities inspections were conducted, with 10,222 persons under custody (9,004 males and 1,217 females) monitored.

Universal Periodic Review of the Philippines

The PNP participated in the Third Cycle of the Universal Periodic Review (UPR) of the Philippines by the United Nations Human Rights Council in Geneva, Switzerland on May 5-12, 2017.

European Union Meeting

The PNP's participation in this activity held in Brussels, Belgium on May 12, 2017 had gathered support for capacity building/development of PNP personnel on human rights. It also changed

WAY FORWARD

To attain its vision for a “highly capable effective and credible police service”, the Philippine National Police will ensure the following:

BIG LEAP

- Nurture the gains and intensify efforts on anti-illegal drugs, anti-criminality and anti-terrorism campaigns
- Sustain partnership with stakeholders in eliminating corruption and eradicating misfits in the organization

ADMINISTRATION

- Improvement on the recruitment process through the review of the policies and procedures including automation of the vetting process to ensure quality recruits
- Enhancement of the training system through the re-structuring and strengthening of the PNP Training Service and the conduct of training needs analysis as basis in the development of a rationalized and more comprehensive Training Program
- Pursue the transfer of the PNPA and PNTI from PPSC to the PNP to take full control of the training of PNPA Cadets and recruits ensuring relevance and quality of their curriculum
- Intensify capability enhancement of units and individuals through the acquisition of additional mobility, communications, armaments, investigative equipment, and basic individual police equipment
- Pursue enactment of the proposed “Reorganization and Modernization Bill”

TRANSFORMATION

- Pursue the fourth and final stage of the Performance Governance System through the efficient and effective implementation of the PNP P.A.T.R.O.L. Plan 2030 (Peace and order Agenda for Transformation and upholding of the Rule-Of-Law) and sustain the certification of all PNP Units and Offices with the support of the National Advisory Group for Police Transformation and Development (NAGPTD); NSUs, Regional, Provincial and City/ Municipal Advisory Councils; and the Technical Working Group
- Sustain internal cleansing and ensuring discipline and professionalism, rights-based and community oriented policing through the PNP Integrity Enhancement Program and stakeholder engagement

OPERATIONS

- Intensify efforts on anti-illegal drugs through the implementation of the ‘Double-Barrel Reloaded’ focusing on high value targets (HVTs) and eliminating the source of illegal-drugs
- Intensify anti-criminality, anti-terrorism and internal security operations in coordination with the Armed Forces of the Philippines and other law enforcement agencies (NBI, BUCOR, etc) and National and International Organizations (ASEANAPOL/INTERPOL, etc.)
- Promote and foster better coordination and cooperation with the Justice Sector to improve crime solution and ensure prosecution of criminals and offenders
